Near Record Vote In Election Tues.

Lake Villa and Antioch Vote Republican As is Usual

Lake county voters, 60,000 strong, returned a full Republican slate to county office, despite the unexpected strength of Democrats throughout the state and nation. The margin of the winners, was, however, smaller than at any like election for many years. Elected were: L. J. Wilmut, Clerk for Circuit Court; Gustaf H. Fredbeck, Recorder of Deeds; Harry A. Hall, state's attorney; Garfield Leaf, Coroner; Robert J. Pearsall, County Auditor; and Stanley M. Christian, Sheriff.

Of Antioch's three precincts, only number two showed a decline in the number of ballots cast, as compared with the 1944 election. The total votes cast Tuesday in Antioch's three precincts was 2209 as against 1847 cast in the last presidential election in 1944.

The same trend was followed in Lake Villa with 1168 ballots cast this year as against 969 in 1944.

Dewey fared a little better in both Antioch and Lake Villa than he did in 1944. His total for Antioch was 1622 this year and only 1305 in 1944.

Democrats Show Strength

The Democratic party showed a gain in strength over preceding elections by polling a much larger percentage of the total than before. Chas. Cermak, Jr., a candidate on the Democratic slate for Clerk of the Probate Court polled a total of 694 votes as against 1434 for his opponent, J. L. Wilmut.

A tabulation of the vote for national, state and county candidates appears elsewhere in this issue of the News.

Parking Meters to Be Used on Friday Nights from 6 to 9

It will be necessary for motorists to "feed the kitty" when they park on Antioch's streets on Friday evenings in the future, in accordance with an order of the village board, passed at a meeting Wednesday evening. The matter was brought to the attention of the board by Trustee Frank Fowles, who stated that since a majority of the stores were now open on Friday evening until nine o'clock, parking space is at a premium, and that the meters should be in operation. Effective date of the change will be November 12, in order to allow sufficient time to change the cards listing the times of use of the meters.

Other business transacted at the board meeting included the loan of a sum of \$1200 from the Parking meter fund to the municipal building fund in order to have sufficient money in the fund to complete the new fire house. A deficit in the building fund of approximately \$2250 was revealed by members of the building committee. Original financing of the building included \$20,000 voted in a referendum authorizing issuance of bonds, and \$10,000 which had been accumulated over the years in another fund of the village. The building committee stated that this money had been spent on the construction of the building, the installation of electrical wiring and the plumbing, and that the heating and some other work still remains to be done. President Bartlett stated that about \$1050 was in the municipal building fund and that this money could be used for the purpose, the additional \$1200 voted to be loaned will be enough to cover the cost of finishing the building. Trustee Cunningham stated that the Fire department plans to equip the building and that no cost along this will be borne by the village.

Chas. N. Ackerman was present at the meeting with a deed to the village of that part of Broadway, the new street west of Main, which fronts on Lake street. During discussion on the widening of Orchard street, from Main to Broadway, Mr. Ackerman offered to provide a strip of land 20' wide on Orchard and Hillside for widening of both streets. No action was taken on this offer. Business, other than the regular payment of bills, was transacted, a decision to use transite pipe for the balance needed to extend a 4" main to the septic tank from Orchard street. This move was made because of the long delay in getting cast iron pipe.

Wilmut Man Arrested Here and Fined \$200 For Transporting Privy

Harry Lake, 20, of Wilmut, was fined \$200 on a disorderly conduct charge by Police Magistrate E. Elmer Brook early Monday morning after he was caught bringing an outdoor toilet into the village on a truck.

Two others with Lake escaped, Brook said. Apprehended by Special Deputy Walter Scott, Lake was said to have become violent in his talk.

Magistrate Brook said he checked the record of the Wilmut man and said that he had a police record at Kenosha and elsewhere which did not justify any leniency.

Inability to pay his fine resulted in Lake's being sent to the county jail for 40 days. He denied that he was bringing the building into Antioch for disposal but the police doubted his statement.

To Organize Cub Pack at Scout Home Monday Evening

All Boys 9 to 12 Years And Parents Are Invited

The long-awaited and eagerly anticipated organization of the Cub Pack of the local Boy Scout troop will take place on Monday evening at the Scout home, according to Scout Leader H. E. Cardiff.

All boys between the ages of nine and twelve of the community, as well as their parents are invited to attend the meeting. A leader will be chosen at the meeting, which will begin at 8:00 p. m.

Shop Work Progresses

Work in setting up the machinery and building of benches and cabinets at the Scout home workshop has been progressing well and it is thought that the shop will be ready for the boys next week. A gift of a large number of hand tools was received this week through the courtesy of Rudy Eckert of the Gamble store. Al Swenson, in charge of the shop said this week that many more tools would be needed and that persons who have tools to donate may get in touch with him.

Announce Gift of Property

Scoutmaster H. E. Cardiff announced this week that Wm. E. Schroeder, who made the original grant of land for the site of the scout home, has donated to the Leila J. Anderson Memorial Foundation, the balance of the land behind the home and also that facing on Williams street. This property is approximately five acres and is to be used as a park and athletic ground.

Garver Elected Economist Of Federal Reserve Bank

Election of Walter B. Garver, of Antioch, Walter E. Hoadley, Jr., and George W. Mitchell as senior economists and officers of the Federal Reserve Bank of Chicago was announced today by C. S. Young, President.

Mr. Garver has served as agricultural economist of the Bank since joining the staff of the research department in 1941.

Mr. Hoadley came to the Bank in 1942, and is in charge of research work in business economics and business finance.

Mr. Mitchell was employed by the Bank in 1944, where he conducts research in state and local finance. He has recently served as president of the National Tax Association.

Pranksters Arrested In Attempt to Place Outbuilding on Street

Twenty-four are Fined \$3 After Deputies Catch Them In The Act

Halloween pranksters were unable to get by this year with some of their tricks and for once the traditional stunt of moving outhouses on the main street of the village was prevented.

Twenty-four teen age youngsters, three of them said to be girls, were hauled before Police Magistrate E. Elmer Brook at 3 a. m. Sunday and fined \$3 each on charges of disorderly conduct.

The arrests were made by a corps of firemen, Rescue squad members and village trustees deputized for the occasion by President George B. Bartlett.

The youngsters were said to have had a privy back of the Dalgard grocery on Main st., ready for deposit in front of a local business house. They set off some explosive material at a distance to attract the attention of any police, but the deputies wise to such tricks weren't drawn from their watch.

When the pranksters started to move the building, a whistle was blown by a watcher and the next thing the young people knew, the deputies swooped down upon them.

Magistrate Brooks was aroused from his sleep and held court in the early hours. Some paid their fines and others stayed the docket. Their ages were said to range from 16 to 21, but most were of high school age, Magistrate Brook said.

It was reported that one youth who was in mischief again Sunday evening was fined a total of \$20 (Continued on page 5)

Exhibit for "Secret Land" to Be Shown At Schools Wednesday

The huge trailer, containing husky dogs, penguins, and equipment used by the Byrd Antarctic expedition, will be shown at schools of the community next Wednesday, in connection with the Boy Scout presentation of "The Secret Land" a photographic record of the expedition.

The trailer will be shown at Lake Villa grade school, Emmons, Grass Lake and other schools in the morning, and at Antioch High school at 2:30. From there it will be on exhibit at the Scout home where the Antioch grade pupils will inspect it after school.

The picture, which is pronounced a real hit by those who were present at a preview some weeks ago, is in full color and is a factual record of the experiences of the men who were present on the expedition to the south pole. Narration in the picture is by Robert Montgomery and starred are Van Heflin and Robert Taylor.

Tickets for the show are on sale by all members of the boy and girl scouts and will be sold in advance. A matinee for youngsters will be shown on both days the picture will play, on Wednesday and Thursday, November 17 and 18.

All proceeds from the sale of tickets will be used for the equipment and maintenance of the Leila J. Anderson Memorial Scout home. Owner Fred B. Swanson of the Antioch Theatre having made the arrangements for the scout organization to have the picture at no cost for the film or the use of the theatre for the two days.

Lake Villa Assessment Roll Is Published

The assessment roll for the Town of Lake Villa, as fixed by the assessor, appears on page seven of today's issue of the Antioch News. Every resident of the Town of Lake Villa, which includes the Village of Lake Villa should make it a point to check up on the amount of his assessment.

Any property owner who objects to the amount of his valuation should file a formal complaint with the Board of Review within 10 days from the date of publication of this assessment roll.

Make Final Payment On New Squad Truck

A sum of \$8000.00 was turned over to the Antioch Rescue squad by the Antioch Lions Club Rescue Squad Fund committee this week to allow final payment of the amount due on the new truck delivered last month to the squad. Members of the squad are very well satisfied with the performance and equipment of the new truck, and the old truck will be used as a "stand-by" in cases where the truck is posted in readiness at some other place than Antioch.

Ed J. Sletten, cashier of the First National Bank, was appointed Treasurer of the committee to replace C. K. Anderson, at a meeting of the board of directors of the club last Friday.

Contributions to the fund for this year have been slow in coming in, but more and more are expected as the annual drive comes to a close, with the advent of the holiday season. Following are the names of persons who have contributed during September. A list of those who have made contributions during October will be published next week.

Seven Persons Receive Minor Injuries in Crash At Rte. 21 Intersection

Seven persons were injured when cars driven by Henry R. Peters, Chicago, and Hans Bingert, 10th and Franklin sts., Winthrop Harbor collided at the intersection of Rte. 21 and Grass Lake rd. Sunday.

The crash occurred when Peters driving east on Grass Lake rd., was said to have skidded through a stop sign on Rte. 21, according to the sheriff's report.

The injured were taken by the Antioch Rescue squad to the office of Dr. I. Breakstone for treatment.

Injured in the Peters car were Mr. Peters, cut forehead, his son, Henry, Jr., 17, cut upper lip; his daughter, Karen, S. 12, cut left eye and chin, and Stephen L. Ragno, 41, Winthrop Harbor, cut left leg and bruised back.

The three injured in the Bingert car were Lois Bingert, 31, cut scalp; Barbara Bingert, 9, bruised left arm and shoulder; and Jacqueline Bingert, 18, cut forehead.

Stanley Morton, engineer at the Pickard plant, suffered a heart attack Sunday evening while visiting at the home of his daughter, Mrs. Pat Ryan. He is much improved today.

Daughters Get Bulk of His Property, But Other Relatives Share

Antioch institutions benefited substantially in the will of C. K. Anderson filed Monday in the Lake County Probate court.

While Mr. Anderson's daughter, Mrs. LaVivian V. Wagner, Pelham Manor, N. Y., and Mrs. Lorraine A. Schroeder of Evanston, received the bulk of the estate having an estimated value of \$680,000 other relatives and friends of Mr. Anderson were well remembered.

Requests of \$1,000 each were made to the Antioch Methodist church, St. Ignatius Episcopal church, the Christian Science church, and St. Peter's Catholic church of Antioch.

The Antioch township library was given \$5,000 and the Antioch Rescue squad \$1,000.

The Antioch Cemetery association was willed \$1,000 and Harold Nelson of Antioch was named to benefit in the sum of \$500.

Employees Remembered

John and Ethel Jimerson, caretakers of Mr. Anderson's Channel lake estate each received 100 shares of National Standard stock and \$1,000 in cash for their faithful service. Vera Horton of Antioch, a former employee of Mr. Anderson is to receive \$1,000.

E. J. Sletten of Waukegan, cashier of the First National bank received 200 shares of the bank's stock and the rest of the stock was willed to Mrs. Schroeder, the daughter, and her husband, William Schroeder.

The personal property is valued at \$600,000 being mostly in stock in the National Standard Co. The real estate is valued at \$80,000. The daughters are named residuary legatees in the will.

Benefactors Listed in the petition

for probate include the following: Edna Marie Bennethum, La Porte, Ind.; Hannah Naomi Baker, La Porte, Ind.; Martin Lindquist, Duluth, Minn.; and Anna Lindeblad, of Chicago, all children of Anderson's deceased sister, Mrs. Emma Lindquist, received 400 shares of the stock of the National Standard Co.

The stock of the company was valued at \$34 3/4 per share on Oct. 28, the last time it was traded on the Chicago Stock exchange.

Frank Anderson, of Frostproof, Fla., a brother of Mr. Anderson, and the father of Russell O. Anderson, of Waukegan, received 400 shares of National Standard stock, and one-third of the net income of an orange grove at Frostproof, Fla., for life.

Anna Newman, of Dayton, O., a sister, received 400 shares of National Standard stock.

F. Guy Egbert, of Blue Island, Ill., a nephew, was willed 100 shares of National Standard stock.

Alice A. Lodge, of Chicago, a former employee, received 100 shares of National Standard stock, according to the terms of the will.

Evelyn F. Montoya, of Chicago, a former employee, received \$1,000 and Genevieve H. Olsen, of Chicago, another employee, received \$500.

District Meeting of Rebekahs Held Here Today at High School

District Provides Biggest Gain in Membership at State Assembly

A district meeting of the Rebekah lodge will be held at the Antioch Township High school this evening.

There will be an election and installation of officers with the Lake-side lodge having charge of the installation.

A large attendance is expected from surrounding lodges.

The district during the past year had the largest increase of membership of any district in the state according to reports given at the state assembly in Springfield Oct. 18, 19, 20.

Mrs. M. M. Stillson served as delegate to the assembly and acted as chairman for this district. She served as escort for the installation of state officers and was appointed state assembly page.

High School Homecoming Success, Except Score Of Sequoit-Broncho Game

Antioch Will End Football Season Tomorrow At Bensenville

The Antioch High school homecoming was a big success—all except the score of the football game with Barrington.

The conference-leading Bronchos swamped the Antioch Sequoits 50 to 0, and clinched the league title still unscored upon.

The local school will bring its season to a close tomorrow evening at Bensenville where they hope to win and finish second in the conference standing.

The Homecoming parade was a good one. It was headed by the colors and guard provided by the Veterans of Foreign Wars, followed by the majorettes and school band. The car bearing the queen and her court came next and after that the floats and student cars.

The Methodist Youth Fellowship float carrying a choir won first prize; the Girls Athletic association of the school second prize; and the Veterans of Foreign Wars third. The passenger car prizes went to Frank Bennes, first; George Borvicka, second and Courtney Stark, third.

Twelve hundred persons attended the football game Friday night. It was said that the fumble of the kickoff so unnerved the Antioch boys that they failed to play their usual brand of ball. The Barrington players were far the better, throwing everything they had in the belief that Antioch was its chief obstacle to the conference championship. Even a so-called "sleeper play" was used in the last two minutes of play with success.

A large crowd attended the dance at the school auditorium afterward. Valentine's orchestra of Waukegan furnished the music.

Conservation Dept. Blames Sky-Busting For Low Game Bags

With more ducks present in Northern Illinois waters—as well as at numerous downstate areas—than during the early days of any waterfowl season in many years, the majority of hunters have failed to get their limit of birds for one reason: Sky-busting!

Sky-busting is that pernicious habit that afflicts so many trigger-happy and inexperienced wildfowl hunters—firing at ducks long before they come within reasonable range. Sky-busting was indulged in by so many boat-shooters on opening day that birds were not permitted to come into the lakes and work over the decoys of hundred of hunters in their blinds. Most gunners who got their limits were those with pothole blinds well back from open waters.

Director Livingston E. Osborne of the Illinois Department of Conservation assured shooters that many limits of ducks may be had during the remainder of the season if they will withhold their shots until the birds come within the accepted range of 40 yards. Fifty yards should be considered the maximum range for ducks, Director Osborne said. Grass Lake shooters, however, started firing at 100 yards and even greater distances.

An example of education of hunters was made on the four public waterfowl shooting areas, where permit-holders are warned against sky-busting, as well as propelling their boats into open waters or around blinds when ducks are working. The effectiveness of this "education" is demonstrated by the fact that 50 percent of the shooters on those areas knocked down their limits on opening day and the average daily kill continues to be about two and a half ducks per hunter.

Wm. E. Schroeder To Fill Unexpired Term at 1st Nat'l.

Wm. E. Schroeder, son-in-law of the late C. K. Anderson, was elected at a regular meeting of the directors of the First National Bank of Antioch, to fill the unexpired term of Mr. Anderson, who had been president of the bank for many years.

Mr. Schroeder will act as president of the bank until the regular election of officers at the annual meeting, scheduled to take place the first of January, 1949.

Economic Highlights

There is a science called semantics, which has to do with the meaning of words and phrases. An apparently plain statement may mean one thing to one man—and a quite different thing to another. The purpose of semantics, which hasn't made much headway in the world, is to get rid of this confusion, and give words an absolute precision.

This illustrates one of the difficulties which has helped to produce the current crisis between Russia on the one hand and the Western allies on the other. American and British diplomats have met with Molotov, Stalin, and other top Soviet leaders, and have apparently arrived at agreements. Then, a few days or a few weeks later, it appears that the Russians put an entirely different interpretation on what was said and written. That happened at Yalta where, apparently, President Roosevelt came away with an amazingly different idea of what had been agreed upon than that held by Premier Stalin. The same words were used on both sides—but the meanings read into them varied enormously.

In the Moscow conferences over the Berlin blockade, the Western representatives thought they had made progress. Our ambassador, General Smith, had little to say for publication, but newsmen reported him cheerful and optimistic after his meetings with Stalin. It is generally believed he was sure that the Berlin blockade was about to be lifted. We had made a number of concessions to achieve that end, of which the most important was an agreement to use Russian currency, under four-power control, in the area.

But subsequent Russian actions immediately dissipated our hopes. Regardless of what Stalin said to Ambassador Smith—or what Ambassador Smith thought Stalin meant—the top-level Russians went right ahead with the blockade, and kept on trying to break up the air lift and isolate the city. And no one believes those Russian commanders did that without explicit instructions from Moscow.

One rather interesting theory as to why Stalin may have changed his mind is finding some currency

now. He is supposed to have received reports that Henry Wallace, with his strong pro-Russian campaign, will get many millions of votes, become an important minority influence on policy, and so be a factor in forcing a change in our attitude which will lead to our withdrawal from Berlin. Certainly, none of the standard American polls indicate that there is an atom of truth in that theory. If they are right, the Wallace vote will be extremely small. And Governor Dewey isn't giving any ground to the Kremlin—he has gone out of his way to praise the American delegation abroad, and to say that the whole country is united behind it. However, it may be that the Russian news-men and others who report on American activities are very careful to color their summaries so that the top men in Moscow will read what pleases them most.

All in all, the line taken by the Western group has been strengthened more than most of us may realize. There is a directness of language that does not often characterize exchanges among the representatives of theoretically friendly powers. Secretary Marshall and Foreign Minister Bevin have minced no words in placing the blame for the world's unrest. And this attitude is not confined to the big countries. Paul-Henri Spaak of little Belgium, speaking before the United Nations' General Assembly, made one of the sharpest attacks on Soviet foreign policy and said, in addition, that Russia has organized a fifth column in every one of the 58 countries which are members of the U. N.

News services said, at the end of September, that the English people were reluctantly coming to fear, for the first time, that war was a possibility. Up to then, they had felt that the situation was somewhat exaggerated, would be solved in one fashion or another, and that no power would be so insane as to plunge the world into another holocaust. The change in sentiment was undoubtedly caused by the British government's announcement that demobilization would be slowed, that the armed services would be built up, and that civilian defense activities would be immediately accelerated. Too, top British officials, in the Foreign Office and elsewhere, have demonstrated an increasing pessimism.

Yet, in this country the feeling in informed quarters still runs against an inevitable war. There will be many more incidents, the experts think, and the talk get increasingly acrimonious. Yet they know that the U. S. will not precipitate a shooting war, and they cannot bring themselves to believe that Russia is in a position to fight one. She is carrying on a tough and extremely intensive plan for building up her military strength and her industrial potential, but it is a long way from completion. Her production of essential materials, notably steel, is so far below ours as to make comparison nearly impossible. And our scientists, almost to a man, are sure that she does not yet have atomic weapons in anything resembling a useable form—and some say hopefully that it may be many years before she has them.

In any event, once the election is over, we will probably get still tougher in our dealings with Russia. And look for a big increase in military expenditures, plus a step-up in the draft, at about the same time.

Proper front wheel alignment is highly important!

Just a bad bump at the curb can sometimes throw the wheels of any car slightly out of line . . . without the driver's knowing about it. Then you'd literally be dragging your tires sideways over miles of highway.

Don't risk it. It's cheaper and safer to drive in now for our Precision Wheel Alignment Service. We'll check the steering-gear assembly, inspect front-end alignment and make precision adjustment, balance front wheel assemblies, equalize pressure in tires.

LAKE VILLA

Rev. T. E. Rodd announces "Our Highest Loyalties" to be his sermon topic at the worship service at the Community church next Sunday at 11 a. m. All are welcome.

The Senior M. Y. F. enjoyed a meeting at the parsonage last Sunday evening, the Junior M. Y. F. met at the church after school on Tuesday, the W. S. C. S. held an all day meeting at the church on Wednesday and the church school teachers met at the parsonage on Tuesday evening for an evening study and discussion of business.

Both old and young people were well entertained at Halloween parties last Saturday night, the Cedar Lake Improvement Association held a party at the Village hall, Mr. and Mrs. Harry Pavel had a group of friends at their home to celebrate the holiday, and the Lake Villa Community Men's club held a big party at the school gym and kept the young folks very busy with various games and stunts. Prizes were given for unique or colored costumes. David Shrum, principal of the school, Rev. T. E. Rodd, of the Community church, Paul Williamson and Harry Pavel were the committee on plans which worked out very well. The club is also sponsoring "Big Brothers Day" which has been so successful in the past when members of the club take boys or girls to their places of business or trade to help them decide on what they would like to do, and finish the day on being guests of the club at a dinner at the school gym on Tuesday evening, Nov. 9, and also entertained with a program. The officers and directors of the club, pres. Lester Hamlin; sec. Chas. Von Oeyen; treas. E. K. Hart; directors, Wm. Weber, Wm. Walker, Paul Williamson, Neil Riedel, Earl Caldwell, Harry Weber and Jere

Hagen planned the affair.

Mrs. Austin Norling, of Wedge's Corner, is a surgical patient at St. Therese hospital.

Mrs. Ethel Shrum, mother of principal David Shrum, returned home Tuesday after having been a patient at Victory Memorial hospital in Waukegan for a few days.

Mrs. Lura Galiger visited her daughter, Mrs. Marguerite O'Connor and family, at Wataga, Ill., for a few days last week.

Charles Wright is improving after having suffered an accident to his eye while at his work at Libertyville last week.

Mr. and Mrs. Lindbloom, who have been in Michigan for a few weeks are with Mrs. Lindbloom's mother, Mrs. Daisy Riney for a time.

Mr. and Mrs. Edward Langbein and children spent Wednesday last week in Chicago.

Mrs. Georgia Avery, Mrs. Helen Avery, Mrs. Marie Hamlin, Mrs. Lettie Boehm, Mrs. Stella Pedersen, Mrs. Lulu Nelson and Mrs. Cora Hamlin were luncheon guests of Mrs. Inga Swanson at the home of her daughter, Mrs. Evelyn Bjerstedt in Waukegan on Thursday afternoon last week.

Mr. and Mrs. Wm. Somers have as guest, their son's wife, who, with her husband has been living in Brazil, S. A. and has been very ill and now recuperating at the Somers home in Villa Woods.

Mr. and Mrs. Clifford Gerber are building a new home in the subdivision just off Railroad ave., and near the Ray Kerr home.

Mr. and Mrs. John Evans, of Salem, Wis., were dinner guests of Mr. and Mrs. Charles Hamlin on Sunday.

The Girl Scouts of Lake Villa celebrated their second birthday anniversary and also Halloween at a treasure hunt in the village last Wednesday evening Oct. 27, with

people in the village giving clues. The hunt ended at the Pavel home and the girls went to the schoolhouse later for refreshments. There are 26 girls in charge of Mrs. Lee Meinersmann, leader. See the Girl Scout exhibit in honor of Girl Scout week, Oct. 31 to Nov. 6 in the drug store window.

Elmer Cobb Takes Bride In Kansas

Word was received here this week that Elmer L. Cobb, son of Mr. and Mrs. M. E. Cobb of Lake Marie, had been married to Doris June Stout, daughter of Mr. and Mrs. Lewis Stout of Salina, Kansas. The marriage took place at Salina, at the Air Base chapel where Mr. Cobb is stationed on October 19. The wedding was attended by the groom's sister, Betty Cobb, of Antioch.

HELLO FOLKS!

By Ray Cobb

Election is over, and now we can settle down to a quiet life again. As a patriotic and conscientious citizen, if you voted, you fulfilled your duty.

Our Antioch Legion Post 748 has been going through a hectic schedule lately with the holiday past and the coming one we've been really struggling to keep up.

In the homecoming parade, our float took third place with a prize of \$2.00. We worked hard on this float and our thanks to the judges, who commended us for a prize. Future plans are in the making for a gala float for Christmas.

Halloween has left us all slightly jaded and worn out. The Legion Rifle squad gave a masquerade party for its members. Many amazing and unique costumes appeared, and for awhile it was really difficult to distinguish who was who. Made it more fun and we really got a laugh out of some of the boys who came disguised as girls.

Bill Johnson in charge of our Drum and Bugle corps is still interested in new members for the organization. If you are an amateur drummer or bugler, you might contact Mr. Johnson and realize your ambition to play in a worthy organization.

The Boy Scout Troop 91, sponsored by the Antioch Legion Post 748 is still in need of hand tools to be used in their work shop. If you have any tools you would like to donate, if you will contact Al Swenson he will be glad to pick them up.

Our post has its regular meeting Thursday, Nov. 4. We're still interested in new members and any veterans who are eligible to join, would be welcome at the meeting. The Legion Post stands ready and willing to aid any veteran in any way possible. Nothing could be fairer, don't you agree, so all you veterans who are interested should come on down.

This coming weekend, Nov. 6-7 marks the annual conference of Commanders and adjutants at Bloomington, Ill. This meeting takes place in order to give our commander and adjutants a few pointers on the whys and wherefores of their respective offices.

Any of you members who would like to attend a 10th District meeting, would be welcomed. Our District officer would be glad to have you sit in on one of their meetings.

Archery Course To Be Constructed By State In Chain O' Lakes Area

Here is good news for Illinois archers.

Regulation field and target courses are to be set up in Public Shooting areas or other properties throughout the state, it was announced today by Director Livingston E. Osborne.

Full cooperation by the Conservation Department with the thousands of archers of the state was announced following a conference between Dr. Arthur M. Buswell, committee chairman of the Illinois Archers Association, and conservation officials.

Officers of the archery association plan to make immediate surveys of sites in the northern, central and

southern zones of the state. Dr. Buswell stated. Upon selection of appropriate locations, Conservation Department engineers will lay out roving courses in accordance with official specifications.

Gov. Green Approves
Gov. Dwight H. Green approved the state-wide program in recognition of the growing popularity of the sport of archery, said Director Osborne, who added:

"Archery is a pastime in which the entire family, from the youngest to the oldest, can take part. As a sport for hunters it has advanced tremendously in recent years. It also has the lowest accident rate in proportion to its participants of practically all outdoor sports.

"One of the first courses is planned to be constructed in the Chain O' Lakes Public Shooting Area near Fox Lake, only 50 miles from Chicago and convenient to other archery groups in Rockford, Elgin and other Northern Illinois centers. The program calls for other courses, of approximately 20 acres each, to be laid out in selected sites in Central and Southern Illinois."

To Have 28 Targets
On each course 28 targets are planned, the archery equivalent to an 18-hole golf course. Efforts are being made to establish the ranges on spots where water, parking and sanitary facilities are available, or can be installed.

Wm. Nelson To Be On WKIS On Friday Evening

William Nelson, of Nelson's Woodworking shop will play a leading role in a presentation of "Dissonance" a radio play to be presented by the new F. M. station on Friday evening at 8:00 p. m. "Bill" will have the part of a professor. The play is a presentation of the radio station and will be directed by Howard Mackey, staff announcer of the station. This is the first of a series to be presented by the WKIS players.

Green Appoints McGraw To Conservation Advisory Board to Replace Hurley

Max McGraw, renowned Chicago sportsman, has been named by Gov. Dwight H. Green as a member of the Illinois Conservation Advisory Board.

McGraw, recently elected president of the American Wildlife Foundation in Washington, D. C., and founder of the famous Fin 'n Feather Club, in Dundee, will fill the vacancy on the state board left by the death of E. N. Hurley, Jr.

Born in Sioux City, Iowa, where he grew up with J. N. "Ding" Darling noted cartoonist, Max McGraw's only hobby since childhood has been the conservation of wildlife and the betterment of hunting and fishing conditions throughout the country. He is president of the McGraw Electric Company and chairman of the board of the Central Electric and Gas Company, with gas, electric and telephone properties in 13 states.

Britton I. Budd (center), president of Public Service Company of Northern Illinois, presents university scholarships to 4-H Club boys and girls, winners in this year's "better methods" activity. The four young farmers and famerettes who excelled in their projects to find better methods to ease farm burdens, are: (left to right) Thelma Thomas, Dwight, Anita Reaman, Grant Park; Marvin Subbert, Peotone; and William Hubbard, Jr., Kings.

Presentation took place at special 4-H "achievement day" banquet in Chicago's Palmer House at which 84 winners and runners-up from 21 northern Illinois counties along with 4-H, university and business leaders were guests of the utility.

American Bride at Featherstone England

A war-time "pen friendship" between a Featherstone man serving in the Royal Air Force and an American girl, which continued after the war and led to the bride's visiting Featherstone, Eng., last July, culminated in their marriage at Featherstone Parish church on Saturday, Oct. 16, 1948.

The bridegroom was Geoffrey Birkett Goulding, the youngest son of Mrs. Goulding, of North Featherstone, Eng., and of the late Mr. G. F. Goulding, and his bride was Miss Betty Catherine Vincent, the youngest daughter of Mr. and Mrs. Henry Vincent, of Wilmot. Mr. Goulding is on the teaching staff at the Rope-walk Secondary Modern school, Knottingley, and a sidesman at the Featherstone Parish church, and

both he and his bride are leaders in the Parish Church Youth club. The ceremony was performed by the Vicar, of Featherstone (the Rev. H. R. Haworth). Given away by Mr. M. Hutchinson, of Whitley Bridge, a friend of both the bride and bridegroom, the bride wore a fawn costume with brown accessories, with hat and shoes to match. Her shower bouquet was pink roses. She was attended by Mrs. F. Goulding, of Whitley Bridge, whose husband was the best man, and it was at their home that the reception was held after the ceremony. As the couple entered and left the church, appropriate organ music was played by Mr. C. Chilton. The honeymoon is being spent in London, and on their return the couple will live at Featherstone, England.

Announcement is made of the marriage October 28, 6 p. m., of Carolyn Joan Schmidt, daughter of Mr. and Mrs. Carl Schmidt, of Sil-

ver Lake, and Raymond Peterson, son of Mr. and Mrs. John Peterson, of Wilmot. The ceremony was performed by the Justice of the Peace, Charles Carlson, of Kenosha, in his office.

For the ceremony the bride wore a cerise colored dress with black accessories, and a corsage of gardenias. The couple were attended by Mr. and Mrs. Michael Thome, sister and brother-in-law of the groom. Mrs. Thome wore an aqua dress, black accessories and corsage. They will make their home in Kenosha.

Mr. and Mrs. Dean Ehler announce the birth of a son, Oct. 29, at the St. Catherine hospital, Kenosha.

Danger in Poor Posture
Poor posture is responsible for many vague aches and pains. Good breathing is impossible with improper posture, and digestion is affected by crowding of internal organs.

Visitors to England
Every foreign visitor above the age of 16 who is permitted to stay in Britain more than two months is required to register with police. Visitors who are admitted for a stay not exceeding two months usually are not required to register; it is sufficient for them to enter their nationality and other data in the register of the hotel or boarding house at which they are staying. If on landing, however, the visitor's passport is endorsed with a definite direction to register with the police, he should report at once to the police of the district in which he intends to reside.

Operation Salt Lick
From time to time 25-pound blocks of salt are dropped by airplane to otherwise inaccessible deer range by the California division of fish and game, which reports that more than 90 deer were killed on highways and railroad tracks in the rugged Shasta county mountains during a period of six months. The deer linger on tracks and roads, licking salt drippings from refrigerated freight cars and trucks. By placing salt blocks a safe distance from dangerous thoroughfares, the deer are lured from certain death. Late snows and poor road conditions in the area this year prevented normal distribution of salt by automobile.

Olympic Games
Modern Olympics, reviving the very ancient games, date from 1896 at Athens. The 14th Olympiad takes its number from the fact that 1948 is the 14th quadrennial year when 1908 is taken as the first. The 6th Olympiad, scheduled for Berlin in 1916, was cancelled because of World War I. The 12th, 1940, originally scheduled for Tokyo, was re-assigned to Helsinki, Finland, and later cancelled because of war.

Ancient Greek Book
One of the oldest Greek books is a farm almanac, "The Works and Days" of Hesiod, dating probably from the eighth century B. C. It is addressed to a public of respectable small farmers living on their own land and carrying on with the help of one or two slaves.

Origin of Political Labels
On November 7, 1874, Harper's Weekly published a full page cartoon by Thomas Nast. This cartoon was destined to introduce the elephant as the symbol of the Republican party. Another Nast cartoon, published earlier in the same periodical, tagged the Democratic party with the donkey.

Solving Traffic Congestion
Traffic congestion researchers point out that one passenger in an automobile takes up 25 times as much street space as a passenger in a electric trackless trolley coach, street car or bus.

Most Careful Parents
For parental energy in looking after its young, the house wren has all other birds topped. One wren was recorded as having fed its young 1,217 times during the daylight of one day.

Container for Fat
Coffee percolator is an excellent container for storing used fat. The hot fat can be poured from the skillet or pan directly into the percolator through the wire basket. It is strained and stored all in one operation.

Inventor of Watch
First watch was invented about 1500 by Peter Henle, who lived in Nurnberg, Germany. For this reason and because of their round shape, the first watches were called "Nurnberg Eggs."

Bigger International Live Stock Exposition In Chicago Predicted

Chicago—Work has begun on the 49th edition of the International Exposition, the nation's leading agricultural event, and early reports indicate that the 1948 show should attract larger classes than in any previous International in the nearly 50 years of its history.

The Exposition, which transforms Chicago into a great focal point of the continent's live stock industry, drawing nearly half a million people from the 48 states, all Canadian provinces and foreign countries, is scheduled for November 27 through December 4 in the huge International Amphitheatre of the Chicago Stock Yards.

Expect Larger Showings

Livestock shows throughout the continent were generally larger this year, W. E. Ogilvie, manager of the show, announces, and this is a good barometer of what may be anticipated at the Chicago exposition. The management predicts entries this year will exceed the 12,500 head of animals exhibited last year.

The International is considered by stockmen and farmers as the high court among all such events, where final decisions in matters of livestock are made. An international winning is regarded as the highest award that exhibitors can attain.

Premiums for the show have been increased this year, as breed associations have volunteered more money for International classes, and the prize total of the show will exceed the usual \$100,000 for the competitions of four breeds of beef cattle, 11 breeds of sheep, nine of swine and five of draft horses.

New Features Planned

The Junior Livestock Feeding Contest for boy and girl feeders of fat cattle, swine, and sheep will again assume its prominent place on the first day's program.

The 26th International Grain and Hay Show will bring crop samples from 6 Canadian provinces and most of the 48 states to a world-renowned competition where the "royalty" among crop producers are crowned.

The famous International Horse Show, another leading event of its kind, will again provide top entertainment. New features are planned for this year's series of Horse Shows which are scheduled daily through the eight-day run of the Exposition. Entries for the show close November 1 for all live stock classes except car-loads of fat stock which may be made up to November 20. Grain Show entries close November 10.

Price Established for Clinton 11 Oats and Hawkeye Soybean Seed

The Lake County Farm Bureau Crop Improvement Committee last week established the prices for the new improved Clinton 11 Oats and Hawkeye Soybean seed prices for Lake County.

The local committee concurred in the recommendation of the state committee in establishing a price of \$2.50 per bushel for certified, treated Clinton 11 Oats in new bags, and \$6.00 per bushel for certified Hawkeye soybeans seed in new bags.

It was also decided that farmers of Lake County would have an opportunity to purchase the new improved Clinton 11 Oats from Lake County growers until January 1, 1949, and Hawkeye Soybean seed from the local growers until February 1, 1949. After these dates, any surplus seed will be turned over to the state committee for sale in other counties or other states.

Lake County farmers desiring either of the above improved varieties of crop seeds must place their orders with the growers listed below before either of the above deadline dates:

Clinton 11 Oats may be obtained from either of the following: L. A. Huebsch, Mundelein; Herman's Farm, Antioch; Homer Havermale, Libertyville; Roy Behm, Grayslake.

Hawkeye Soybean seed may be purchased from any of the following growers: L. A. Huebsch, Herman's Farm, Homer Havermale, Roy Behm, Jay Allanson, Mundelein; Burton Lane Farm, Lake Forest; Homer White, Antioch and Gerhardt Lange, Hebron.

Mrs. W. J. Hoffman Speaker at Legion Auxiliary Caravan

Mrs. Walter J. Hoffman was the principal speaker at the Legion Auxiliary Caravan held Wednesday at the North Chicago Legion home. Mrs. John L. Horan, district director, introduced the speaker, and Mrs. Hoffman spoke on the "significance of the Star."

Ten members of the local unit were present at the meeting which opened at 9:30 a. m. Reports of all committee heads were heard. A

luncheon was served after the meeting.

Executive Board Meets Here

A meeting of the executive board of the tenth district was held in the local Legion home on last Friday evening. Mrs. Horan announced the appointment of the various standing committees for the coming year. Twenty-four board members and presidents were in attendance and a lengthy discussion of plans for the year was a part of the program. Next meeting of the Executive board will be held at Waukegan on Wednesday, November 10.

Wife Beating

A man convicted of wife beating can be whipped, according to Delaware law.

Conference Principals, Music and Publication Director Have Meeting

Principal T. R. Birkhead, Miss Carol Bean, publications supervisor; and Hans Von Holwede, music director of the Antioch Township High school attended a meeting of principals, music and publications directors last evening at Barrington. The music directors planned the union concert of the schools in the conference for next spring and the publications directors discussed their problems. The principals held their own regular meeting.

Sidney D. Huff, 48 Resident of Loon Lake Dies of Heart Disease

Funeral services were held at 2 p. m. Tuesday for Sidney D. Huff, 48, of Loon lake, who died unexpectedly early Sunday morning following a heart attack.

Mr. Huff, a former resident of Chicago, had resided on the north shore of Loon lake for 13 years. He served as a salesman for the J. Meyer and Brothers Tobacco Co. for the last seven years.

He was born in Terre Haute, Ind. His wife, Joyce, survives.

The Rev. E. William Strauser officiated in the funeral service which was held at the Strang chapel.

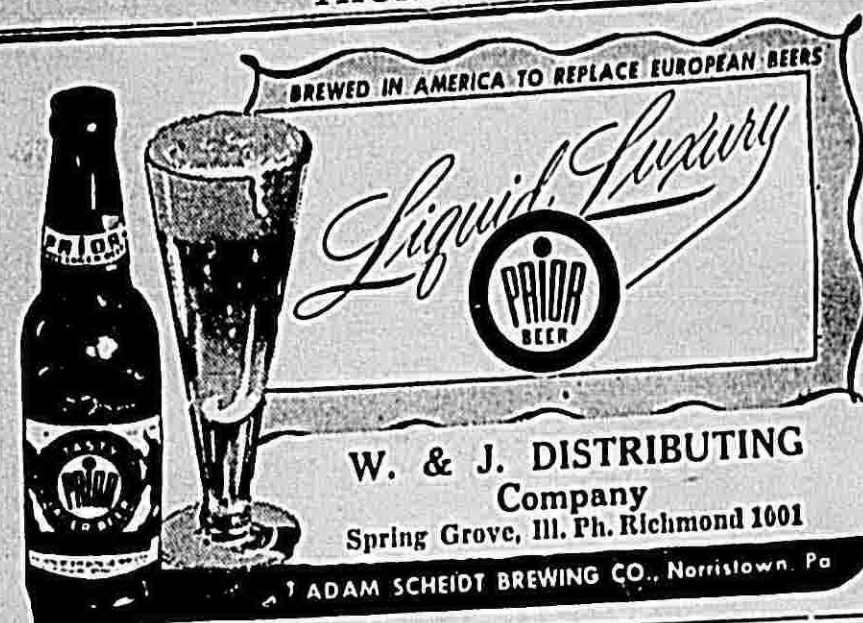

Card Of Thanks

We wish to thank the Antioch Rescue squad, Dr. Berke and Dr. Breakstone for their kindness and prompt attention during Mr. Morton's illness Sunday night.
